REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. – 5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ashtray.

From: Richard B. Diehl
Subject: Warden's Report to the Town
To: Forest Fire Warden

As a town official charged with the protection of our forests from wild fires, you should present an annual report to the town to be included in the town report. Many of you are also fire chiefs and the forest fire portion can be included in the Fire Department report.

This report should be a brief report of your activities and the cost to the town of any fire that occurred. It should list the equipment acquired the past year and the needs for better service. A situation that is increasingly evident in many towns is the lack of manpower for forest fire fighting. If this situation exists in your town an explanation of this need in your report might help.

Also, we must not get complacent because we have had a good year — the fuel is there and the weather is uncertain. We can only do something to lessen the risk.

For years, and in response to a request from many wardens, we have written a brief review and a prevention message based on the state-wide and district fire record and a copy of that is being sent again this year. Your own report as you see the situation in your town has more force and value in your own town. Be free to use ours or change or add to it to suit your local needs.

Sincerely,

RICHARD B. DIEHL
Fire Control Supervisor

REPORT OF THE WINCHESTER TOWN PLANNING BOARD

The Winchester Planning Board has devoted all of its time this past year simplifying the Zoning Ordinance, in hopes that it will meet with approval of the Town.

If this passes, a foundation is laid for future planning. Much planning is needed for a future, healthy growth of your Town.

We, of the Planning Board, believe that Winchester will become a Seasonal Retreat for many more people.

We have a vast acreage of potential building sites. Many scenic areas for seasonal homes. We have a great wealth in our Town, we need to promote it.

Respectfully submitted,

VERNON JONES
Winchester Planning Board

CIVIL DEFENSE

Today we live in a very unsettled world. Wars are being fought on many battlefields. There are many uprisings.

We have been very fortunate that our Country has avoided the destruction and bloodshed that other countries have experienced.

But it could happen within a short space of time.

Civil Defense is heard very commonly today on television and radio, but it does not seem to concern enough people. Civil Defense means just what it says. As a civilian, each person is responsible to himself to defend his own home in case of disaster. It is your duty to learn, as much as possible, the information about Civil Defense.

It might save your life or your children's.

Respectfully submitted,

VERNON JONES
Civil Defense Director

REPORT OF WINCHESTER PARK COMMISSION

FOR THE YEAR 1967

TOWN BEACH

COMMITTEE MEMBERS

RONALD STEPHENS, Chairman	KENDALL BAKER
HOWARD STEPHENS	BRUCE NORLUND
STANLEY PLIFKA	DAVID FLEMMING
NORMAN LECLAIR	ARNOLD CONWAY, Treasurer

Report for 1967 Season:

This year as in the past the outstanding aim of this organization was to provide the Township of Winchester with a swimming park, unequaled in this area.

To reduce the danger of falling off the retaining walls, the installation of fencing was completed on the two levels by the Atlantic Fence Company, Manchester, Connecticut.

New equipment was purchased for the concession stand, which was renovated and operated by the members of the Park Commission. Season parking stickers were sold at the stand with residents paying $2.00 per year and non-residents $6.00 per year.

To avoid parking on the new lawn, a retaining cement and chained post wall was constructed by members of the committee.

The Beach and Picnic area was periodically cleaned every week by employees hired and paid with finances raised by the Members of the Park Commission.

Police protection was provided on a week-end basis to control parking and any possible destruction of this property.

Three new members were appointed by the Selectmen to replace former members who have resigned. We are pleased to have Mr. Kendall Baker, Mr. David Flemming and Mr. Bruce K. Norlund on our Commission.

Future Improvements To Be Completed by the Park Commission:

1. A new hot topped parking area.
2. Two new flag poles.
3. A new cement block concession stand.
4. More picnic area, and tables.
5. A permanent life guard.
6. Reduced seasonal rates for town residents.
7. Possibility of a trust fund for permanent care of expenses.

We, the Committee, welcome any help or suggestions for improvement of the Beach that you as residents may give.

All finances have been raised by the members of the Park Commission.

Respectfully submitted,

RONALD A. STEPHENS
Chairman

REPORT OF AN AUDIT AND EXAMINATION OF THE ACCOUNTS OF THE TOWN OF WINCHESTER

For the Fiscal Year Ended December 31, 1967

Winchester, New Hampshire
February 15, 1968

Board of Selectmen
Town of Winchester, New Hampshire

Gentlemen:

The attached is the report of our audit and examination of the accounts and records for the Town of Winchester, New Hampshire, for the fiscal year ended December 31, 1967.

SCOPE OF AUDIT

We have included in our examination and audit the accounts and records of the Board of Selectmen, Town Treasurer, Tax Collector, Town Clerk, Highway Commissioner, Water Department, Town Beach Treasurer, Fire Department, Library Treasurer, Trustees of Trust Funds.

Summaries of all departments have been prepared and are on file with this report at the Board of Selectmen as well as with the Auditors.

AUDIT PROCEDURE

The Audit Procedure included comparing vouchers and cancelled checks with supporting invoices and payrolls, as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank statements obtained from depository banks. Uncollected taxes were verified by mailing notices to delinquent taxpayers, as indicated by the Tax Collector's records.

CERTIFICATION OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Winchester, New Hampshire, for the fiscal year ended December 31, 1967, and have found them to be in good order except as noted. To the best of our knowledge and belief the financial statements and summaries reflect the true financial condition of the town for the period under review. We wish to extend our thanks to all the officials of the Town of Winchester for their assistance and cooperation during the course of the audit.

Yours very truly,

MARGARET M. NASH
ALDEN M. SHAW
Auditors
Town of Winchester, New Hampshire

LIBRARIAN'S REPORT

1967

Circulation Data—	
Fiction	7284
Non-Fiction	7892
Juvenile	8656
Magazines	1592
Total	25,424

Number of books aded—652

In spite of the absencies of both Librarian and Asistant in 1967 the year has gone along much as usual. Service has been extended to many patrons many of whom were new this year.

2,550 Books were taken from the State Bookmobile, 2,100 of which were loaned to the schools for use in the classrooms. About 130 more were borrowed directly from the State Library.

An exhibit of seashells was displayed during the summer. Books on the subject accompanied the display.

A gift of money was given by the Current Events Club with which we purchased a five volume set of The Story of Civilization.

Mrs. Perry and I attended two book purchasing meetings — one at Rindge Public Library and one at the District office in Keene. We also attended the two-day annual meeting of the New Hampshire Library Association at the Highway Motel in Concord.

I became chairman of the Southwest District Advisory Council in April. This group meets quarterly and is made up of Librarians and Trustees who strive to solve problems and transact any business pertaining to the district. Programs are planned to be beneficial and educational to the libraries of the area.

I wish to extend my personal thanks and appreciation to all those who remembered me with cards, gifts and visits during my illness. They all contributed so much to my recovery.

EDITH W. ATKINS

WINCHESTER DISTRICT NURSING ASSOCIATION, INC.

REPORT OF THE PRESIDENT

For the Year 1967

What would our town be if we had no District Nursing Association? Many of our older citizens would not be able to benefit from their Medicare Insurance after a siege in the hospital or a long illness at home; there would be no follow-up to check on progress of a child or adult who had been hospitalized; there would be no clinics to administer serum for whooping cough, diphtheria or tetanus; there would be no one to see young new mothers; there would be no visit with old or young who are housebound; no one to report to the Board of Health that help was needed.

This listing should also include the help of the clubs and organizations in our town who have given so generously to aid in lifting the burden of need whether money, medicine, food or toys to help a small one to be happier. Some have driven patients to the doctor, to the hospital or to out-of-town clinics. Others have helped at the clinics here in town. And many of you members and other townspeople have found time to aid the Association in numerous other ways.

We have written, with the help of our Policy Committee, new policies and our Advisory Committee has approved and aided in this project. Also, we have met the requirements for certification with Medicare and have finished the evaluation of our work for the past two years. We see progress in the cooperation with the Medicare people; with the State supervision; with the Board of Health and the Selectmen in our town and most of all, we find that many in our town are interested in our work and more than willing to work to improve the service rendered.

Without this cooperation of the nurse, our townspeople and the State and Federal workers, we could not have such a fine organization. It is my sincerest wish that this fine effort will continue for many years to come as it has in the past and that we will go onward to a better community because we have a Winchester District Nursing Association.

Respectfully submitted,

MARGARET M. NASH
President

ANNUAL REPORT OF THE NURSE

For the Year 1967

Health Supervision Visits	349
Nursing Care Visits	982
Total Visits during 1967	1,331
Age Groups Served:	
0 - 19 years	345
20 - 64 years	531
65 years and over	455
	1,331
Average Visits - Month	111
Immunization Clinics Held	3

Nursing Care Visits:

Visits made to persons under physician's care to give:

Physical care or treatment.
Emotional support.
Instruction and supervision in health related areas.

Health Supervision Visits:

Visits made to individuals or families at no cost and not necessarily under physician's care but in accordance with the State Public Health Policies providing:

Prenatal visits — encouraging early and continuous physician's care.
Visits to newborn and mother.
Preschool children.
Instruction and supervision in health related areas of family living.
Immunization clinics.

Follow-up for persons discharged from:

General Hospitals.
Rehabilitation Centers.
Psychiatric Hospitals.

Aid in referring families or individuals to other health and welfare agencies for assistance.

There are many individuals, too numerous to mention and some who would wish to remain anonymous, whom I would also thank for their efforts and donations of time or material things in behalf of the Winchester Nursing Association.

No matter how good or poor a nurse is, nor how good or poor an Association is, without the townspeople support there is no chance for its survival. Winchester gives their support.

Respectfully,

CAROL ANN BARTLEY, R.N.
District Nurse

REPORT OF AN EXAMINATION AND AUDIT OF THE ACCOUNTS OF THE WINCHESTER SCHOOL DISTRICT

Winchester, New Hampshire

for the Fiscal Year Ended June 30, 1967

Winchester, New Hampshire
August 8, 1967

The School Board
Winchester School District
Winchester, New Hampshire, 03470

Gentlemen:

It is with pleasure that we submit herewith our report of an examination and audit of the accounts and records of the Winchester School District of Winchester, New Hampshire, for the fiscal year ended June 30, 1967. The financial statements as listed below are included as part of our report.

SCOPE OF AUDIT

Our examination and audit included the accounts and records of the School Board, the School District Treasurer, the School Lunch accounts, and the Thayer High School Activity Funds.

FINANCIAL STATEMENTS

1. Comparative Balance Sheets as of June 30, 1966, and June 30, 1967, showing a decrease of $19,175.00 in the Net Debt of the District.
2. Analysis of Change in the Financial Condition with the factors causing the changes indicated.
3. Comparative Statement of Appropriations and Expenditures showing a net overdraft of appropriations in the amount of $927.66.
4. Statement of Estimated and Actual Revenues showing a net revenue surplus in the amount of $551.19.
5. The Budget Summary shows a net Budget deficit in the amount of $376.47.
6. Summary of Receipts, Expenditures, and Proof of Treasurer's Balance.
7. Summary of Long Term Notes and Bonds outstanding.
8. Summary of School Lunch Accounts and Proof of Balance.
9. Summary of Thayer High School Activity Funds and Proof of Balance.

CERTIFICATE OF AUDIT

This is to Certify that we have examined and audited the accounts and records of the Winchester School District, the School Lunch Accounts, and the Thayer High School Activity Funds, for the fiscal year ended June 30, 1967, and have found them to be in very good order, and to the best of our knowledge and belief the attached financial statements reflect the condition of the District for the period under review.

THANKS

We extend our thanks and appreciation to the officials and personnel of the Winchester School District for their cooperation and assistance during the course of our audit.

Very truly yours,

ARNOLD B. CONWAY

ROBERT A. SCHAUFUS

REPORT OF THE HINSDALE - WINCHESTER CO-OPERATIVE SCHOOL PLANNING BOARD

Formation. At the 1967 annual School District Meetings in Hinsdale and Winchester, the voters in each district elected three members to form a local Co-operative School Planning Committee. After preliminary considerations of local school problems in the individual towns, the two committees met jointly and formed a Co-operative School Planning Board. This Board has met semi-monthly and has selected sub-committees on curriculum, buildings and enrollment, vocational education, and publicity. In addition to members from the school's administrative staffs, other citizens of the two towns have been included on these sub-committees.

Procedure. The Co-operative Planning Board is proceeding approximately along the following outline of main problems:

1. What courses of study should the schools offer for students in these towns?
2. What buildings do we need to offer this program for the present enrollment? for the projected enrollment?
3. How should the required building space be arranged and equipped? What portion of our requirements can be met in existing buildings? by alterations? by re-arrangement? by additions? or by new structures?
4. What is the most economical solution to the space requirements?
5. What are the estimated costs for the above capital improvements and for operating the proposed program?
6. What is the most equitable formula for sharing these costs between the two towns?

Limit of Authority. The answers which the present Co-operative School Planning Board may develop for these problems above will not necessarily be the final direction for action, but are intended only to guide the voters in considering the final solution, to the urgent needs of the schools in both towns, as outlined below. If the voters should decide to form a co-operative school district, then this new district and its newly elected School Board would make the final decisions on the answers to the problems facing our schools.

Needs of Pupils. Meanwhile your Co-operative Planning Board is trying to develop answers which would most quickly and reasonably meet the immediate urgent requirements in both towns. These requirements include, but are not limited to:

1. More elementary classroom space, immediately!
2. Elementary program of instruction meeting the guidelines of the New Hampshire State Department of Education.
3. A complete secondary education program in all areas of instruction; especially in expanded vocational course offerings, but also in additional academic program improvements.

Our Goal. This Board seeks implementation of these aims by the method best adapted to a full utilization of available state and federal aid, and in the manner calculated to offer the best program to be had in return for the local tax money expended, both on capital improvements and operating costs.

Voting. The Co-operative Planning Board is attempting to keep all citizens informed of proceedings, by means of letters to parents, press releases, and public hearings and panel discussion groups. When we are ready to make a recommendation for voter consideration, hearings will be held on this proposal and then special school district meetings will be sought, to start the legal procedures on whatever plan we shall then propose.

Challenge. To reach the wisest solution, in all its ramifications, will require a renewed willingness on the part of all the school administration and the local citizens to jointly promote increased community awareness of the ever-accelerating changes in our society; and to prepare for and welcome the inevitable changes ahead regardless of some necessary breaks with our past traditions and local pride. The future belongs not at all to US, but rather to our students. We owe them the best preparation for their years ahead.

REPORT OF THE ELEMENTARY PRINCIPAL

To the School Board, Superintendent, and Citizens of Winchester:

I herewith submit my second annual report as principal of the Winchester Elementary Schools.

In this report I shall try to briefly describe some of the more important aspects of our program that have undergone change or improvement during the past year.

During the past year remedial reading has been made available to the third and fourth grades at the Center School. Previously the fifth and sixth grades were the only elementary rooms served by this program. This would seem to be a step in the right direction as I feel we are better able to help pupils when their reading difficulties are at an early stage and not prolonged until the fifth or sixth grades. I hope that the time is not far off when remedial reading assistance can be offered to the pupils of the Ashuelot School and first and second grades at the Center School.

The Phonetic Keys to Reading program that was installed in the first grades last year has been extended into the second grade. It is planned on a yearly basis to extend this phonic program up to grade six. It is hoped that through a program of this type that emphasizes training in phonics we can strengthen our pupil's ability to sound out and unlock the meanings of new words and thus lead them to a greater independence in reading.

The special education class at the Ashuelot School has had its reading program greatly enhanced and improved with the purchase of a new reading series, "Mixie the Pixie." This series is a departure from the texts used in the grades and is a great deal more flexible and is more in tune to the needs of the pupils in this class.

Under Title II of the National Elementary and Secondary Act the elementary school received five hundred and sixty dollars worth of library books for our classroom libraries. This addition along with the many books we receive through the services of the Conant Library and Thayer Public Library provide our pupils with a constant supply of excellent supplementary reading material.

In an effort to better inform parents of the activities of the elementary schools an Elementary School Newsletter has been initiated and will continue to be issued periodically throughout the school year.

A Citizenship Honor Roll has been established for the fifth and sixth grades. This is an attempt to give recognition to those students who exhibit a high degree of scholastic effort, respect for regulations and good citizenship in school. After each marking period the parents of those children selected

for this honor are notified of this by letter. I feel recognition of this type is important as the school should just as readily give praise to student who excells in the above mentioned areas as it would express disapproval of a poor performance.

An effort was made to make use of outside resources to supplement and enrich our normal curriculum. Through arrangement with the Theater Resources for Youth project the elementary pupils were able to view a live stage performance of the play "The Dancing Donkey" performed at the town hall by professional actors. Both fifth and sixth grades have put on plays of their own. Two International Farm Youth Exchange students who spend time in Asia and Australia spoke to the fifth and sixth grades about their experiences living in these areas of the world.

All grades were administered the California Testing Bureau's achievement test during the year. A testing program of this type allows us to measure the performance levels of our pupils and various grades in reading, language, and arithmetic against national norms. Also, we are able to locate areas of our curriculum that need strengthening or more emphasis.

In trying to up grade the academic areas of our program we have tried not to neglect the physical health area so important in growing active youngsters. Merry-go-rounds and tether ball sets have been installed in the Center and Ashuelot School playgrounds. Through the Recreational Department's co-operation we were able to continue to offer the fifth and sixth grades a limited program of physical education. These grades participated on a competitive basis against neighboring schools in flagg football and softball. It is planned in the spring to introduce tennis into the program. There is need for a complete program of physical education that would encompass all elementary grade levels.

We have made good use of the educational consultant services made available to the school by the Monadnock Children's Special Service Center in Keene. A total of fifteen referrals were made to this center for their evaluation and assistance during the school year.

The elementary school's open house during National Education Week was very well attended by parents, as was the Christmas program at the Community Center.

In conclusion, I wish to thank the School Board, the Superintendents, the teachers, and citizens of Winchester for their co-operation and support during the past year.

Respectfully submitted,

ROBERT J. COLBY
Elementary Principal

REPORT OF THE HIGH SCHOOL PRINCIPAL

I hereby submit the annual report for Thayer High School to the Superintendent of Schools.

Enrollment for the school year 1967-68 as of December 31, 1967 is as follows:

Grade 12	37	Grade 9	50
Grade 11	38	Grade 8	58
Grade 10	49	Grade 7	55

There was only one change in the faculty this year. Mr. Geoffrey Holt replaced Mr. Frank Bent in the Social Studies and Driver Education department.

Having been accepted as an accredited secondary school by the New England Association of Secondary Schools and Colleges two years ago, it is requested by the Association to submit a two year progress report. This report must show that substantial progress has been made since the time of acceptance. Much work is being done on this report in hopes that the school can maintain its present rating.

Our school library is constantly improving by regular additional purchases of new books. To supplement our library we are appreciative of the services of the State Bookmobile and Mrs. Atkins our town librarian. These two services, in addition to our own library, provide a variety of good reading and reference material.

New clubs have been formed in order to give the students an opportunity to exercise their talents and interests in extra curricular activities. The following clubs include many of the students who have never before taken part in extra activities: the literary club; dramatic club; auto club; photography club; and a ski club.

As a matter of record, a summary of the 1967 Commencement and a list of graduates follows:

Essays

Guidance

During 1967, the dropout rate remained again under 2%, making the fourth year of such a desirable trend. Reflected in these low percentages has been the continued efforts of the administration, guidance department, teachers, and results of mass communication publicizing the undesirable plight of the dropout.

Despite continuing emphasis on the values inherent in post-secondary education, percentages decreased somewhat in 1967 largely as a result of the composition and levels of interest of the graduating class. Next year holds promise of the largest number of post-secondaries in many years.

Throughout the year, new textbooks used in the junior high guidance classes proved to be most helpful and informative, with the emphasis placed on self-evaluation, personality factors, and study habits.

Although a considerable amount of guidance time during the first part of the year was spent on the organizational phases of the new remedial reading program, the effort and time expended has proved to be fruitful.

The testing program for 1966-1967 included the following:

Administration of the Eighth Grade Testing Program to 53 students in October.

Administration of the Sophomore Testing Program to 48 students in November.

Administration of the General Aptitude Test Battery through cooperation of New Hampshire Office of Employment Security.

Administration of other tests such as Kuder Interest Inventory, Flannigan Aptitude Test, Weschler and Peabody Picture Intelligence Tests as required.

Arrangements for College Board Tests for those seniors who needed them for college admissions.

The following tests were administered on a student paid basis during the school year.

National Educational Development Test in March to 27 students.

National Merit Tests in February to 11 students.

Preliminary Scholastic Aptitude Test in October to 20 students.

The National Honor Society and Student Council once again sponsored the Thayer High School Community Scholarship drive which netted approximately $250.00. This was used to help graduating seniors who selected post-secondary education.

Industrial Arts

This school year has seen more boys enrolled in Industrial Arts than in the past years. Student response to the program has been good.

The Junior High School program was strengthened last year with the acquisition of a new Dremel Jig saw, miter box and saw, plus a few hand tools. This year a few additional hand tools were added.

In the Freshman drafting class the addition of a new Technical Drawing book will make the study of drafting more meaningful to the students.

A Powermatic 12″ Planer was added to the Sophomore machine woodworking program this year. Last year a major unit in carpentery was introduced to the students and will be further developed during the second half of this school year.

A few new hand tools and a spray gun have been added to the Junior metals class.

In the Senior electricity — electronics course five new De Vry #20000 Electricity Trainers and workbooks were added with one new EICO Industrial Vacuum Tube Volt Meter and Model 460 DC–Wide Band Oscilloscope. This equipment will make it possible to offer a broader program in Electricity and Physics.

Science

The Intermediate Science Curriculum Study project is in its second year at Thayer High School. This year both the Seventh and Eighth grade classes were involved. The self-pacing materials being tested appear to be working out well. The fall of 1968 will find the program completely incorporated in the school system. At this time it will involve the Ninth grade also. Each class will be in the program for at least three years of trial and possibly more.

Ronald Pratt was the recipient of the Josiephine Mansfield Sprague Music Award.

The class marshal was Jerel Gomarlo.

The record of cash on hand as of December 31, 1967 for the classes and clubs follows:

Class of '68	$2,069.43
Class of '69	701.74
Class of '70	528.24
Class of '71	242.11
Class of '72	142.91
Class of '73	49.40
General Fund	636.82
Athletic Association	1,117.63
Music Fund	583.21
Student Council	160.04
Thayerian	526.52

I am very grateful for the hard work and fine cooperation of the faculty for making possible a successful year. I also appreciate the help and cooperation of the Winchester School Board, Superintendent of Schools and Assistant Superintendent of Schools.

Respectfully submitted,

PAUL C. McNAMARA
Principal

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Much effort has gone into the consideration of improvement of public school programs and facilities in our corner of the state. In Winchester we are being pressed to find solutions to space problems. Increased enrollments and expanded school programs dictated by State Elementary Guidelines and High School Minimum Standards make it imperative that the school district take action to provide for expanded elementary and secondary school facilities. Add to this the inadequacy of the Center School and the problem is indeed critical.

Last March two communities, Hinsdale and Winchester, voted to have a cooperative school district planning committee make a comprehensive study of their school needs. The two committees joined together to form a Planning Board for the purpose of studying jointly the problems faced in both districts. A detailed report of the work of this Board is included elsewhere in the Annual Report. In undertaking the study, the Planning Board considered the following factors:

1. The wisdom of forming a cooperative school district for Hinsdale and Winchester.
2. The present school buildings with regard to safety, sanitation, obsolescence, and adaptability to present and future educational programs.
3. Child population trends based upon an analysis of residential growth and school enrollments over a period of years.
4. The future school building program including estimates of the cost of construction of essential facilities, the cost of operating buildings, and estimates of tax rates both for operating as separate districts or as a cooperative district.
5. The implications that New Hampshire Elementary School Guidelines and New Hampshire Minimum Standards for High Schools have on the present and future curriculum in the schools.

As a result of this intensive analysis of these and other problems, it is hoped that the report of the Planning Board will serve as a foundation for building the future educational program in our area under the most adequate and efficient organization possible.

The State Board of Education, in response to a legislative order, has adopted the policy of reducing the number of supervisory unions, the means by which several local school districts share the services of the office of the

Superintendent of Schools. As a result of this policy, Supervisory Union #25 was eliminated and the school districts of Hinsdale, Winchester, and Monadnock now make up Supervisory Union #38. Although the wisdom of this policy may not yet be apparent to the districts (we have been in operation only since July 1, 1967), the staff members in the Superintendent's office are combining their efforts to provide improved efficiency and service for each district. Machine bookkeeping, volume purchasing, better supervision of instruction, coordination of teacher recruitment practices, and more comprehensive planning should benefit every district.

School budgets continue to rise. Although the cost of living influences school budgets, the major cause for the increase is teachers' salaries. Sixty-four per cent of the present budget goes for instructional salaries. Add to this such fixed items as social security, retirement, insurance, and debt service and very little is left for such things as operation, maintenance, transportation, and capital expenditures. However, we have very little choice in the matter of teacher salaries. In this time of teacher shortage our salaries must remain somewhat competitive with the salaries being paid in the area. Few would suggest that we gamble with the future of young people by hiring inadequate or unqualified teachers, or by seeing classrooms without teachers.

State support for education has been so inadequate that this has placed an additional strain on districts with a limited tax base. New Hampshire, which stands at the bottom among the fifty states in the matter of state aid for schools, does not even begin to fund the laws which are in effect. It is a recognized fact that the State simply does not have the revenue to carry out the laws that we have. No one likes to talk about more taxes, but consider the alternative. As long as we favor the present state policy in our tax structure, we are at the same time casting our ballot in favor of fewer and poorer services and high property taxes. It is impossible to have the one without the other.

Where do we go from here? First of all, our citizens must recognize the problems we face and the solution to them before we have cause to recognize our short-sightedness. However, it is not too late in Winchester. True, the number of alternatives available to us have diminished, but we can still solve our problems if we are motivated by a sincere desire to provide the essential educational services in the most efficient manner possible. Let us face up to our problems and solve them and not leave them to be solved by the next generation.
